

Gut Bacteria Might Guide the Workings of Our Mind

<http://www.npr.org/blogs/health/2013/11/18/244526773/gut-bacteria-might-guide-the-workings-of-our-minds>

1. What is the name of the microorganisms called that all of us carry within us?

2. How do we get these microorganisms?

3. Describe what they do...

4. What are probiotics? How do they work?

5. Give the background (from what the story) of how they are somehow connected to our possible moods and behaviors.
